Luncheon Keynote Speaker

ERIN BROCKOVICH

Say the name Erin Brockovich and you think, strong, tough, stubborn and sexy. Erin is all that and definitely more. She is a modern-day “David” who loves a good brawl with today’s “Goliaths”. She thrives on being the voice for those who don’t know how to yell. She is a rebel. She is a fighter. She is a mother. She is a woman. She is you and me.

It’s been over 15 years since Julia Roberts starred in the Oscar-winning tour de force *Erin Brockovich*. The film turned an unknown legal researcher into a 20th century icon by showcasing how her dogged persistence was the impelling force behind the largest medical settlement lawsuit in history. Since then, Erin hasn’t been resting on her laurels... she continues to fight hard and win big! She has always loved going head to head with the big boys and was never intimidated by their bravado. She learned how to come out on top from her tight-knit mid-western family in Lawrence, Kansas.

Erin was the average divorced single mother trying to make a living until she crossed paths with lawyer, Ed Masry, and this meeting changed the course of both their lives. Erin’s exhaustive investigation uncovered that Pacific Gas & Electric had been poisoning the small town of Hinkley’s water for over 30 years. In 1996, as a result of the largest direct action lawsuit of its kind, spearheaded by Erin and Ed, the utility giant was forced to pay out the largest toxic tort injury settlement in US history: \$333 million in damages to more than 600 Hinkley residents. The story and eventual film made “Erin Brockovich” a household name. Over time, Erin realized that she could use her notoriety to spread positive messages of personal empowerment and to encourage others to stand up and make a difference.

For three seasons, Erin hosted the Lifetime series, *Final Justice With Erin Brockovich*. The show celebrated everyday women who triumphed when faced with overwhelming adversity. Erin then dominated the world of publishing with her *New York Times* Business Bestseller, *Take It From Me: Life’s A Struggle, But You Can Win*. Because of her fighting spirit, Erin has become the champion of countless women and men. As President of Brockovich Research & Consulting, she is currently involved in numerous environmental projects worldwide. She is a true American hero whose icon status, and “stick-to-it-iveness” only fuels her determination to expose injustice and lend her voice to those who do not have one.
